

Exhibit D

Marked-up Version of The Title of
U.S. Patent Application Ser. No.09/703,253

[Novel] Sequences Encoding Human ATP-binding Cassette Transporter Proteins [and
Polynucleotides Encoding the Same]

Marked-up Version of The Abstract of
U.S. Patent Application Ser. No.09/703,253

--Novel human ATP binding cassette transporter polynucleotide and polypeptide
sequences are disclosed that can be used in therapeutic, diagnostic, and pharmacogenomic
applications.--
